Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

Park Center, Inc. which falls under the umbrella of Parkview Behavioral Health Institute is a Community Mental Health Center that serves counties throughout Northeast Indiana. Our client population is diverse in terms of presenting complaints, race, ethnicity, and socioeconomic status. Park Center's mission is to restore the lives of clients by facilitating and supporting their journey towards recovery. Our psychology training program adheres to a generalist, Practitioner-Scholar model. Interns will carry a case load of children, adolescents and adults that are served throughout several of our programs at the center. Throughout the course of the year, interns will provide initial intake assessments, individual and family therapy, and psychological testing. Each intern will be required to cofacilitate one outpatient substance abuse group and one inpatient psychotherapy group. Additionally, interns will provide treatment to clients within multiple setting options including: rural outpatient treatment, child focus, pediatric integrated care, and intensive outpatient (IOP) settings. Several IOP programs are available including general adult mental health, eating disorders, substance use, women's trauma, adolescent mental health, adolescent substance use, adult DBT, and adult anxiety and OCD, among other IOP groups currently in development. Treatment is provided by multidisciplinary teams in most programs. Supervision is provided through both individual and group formats. Each intern will receive 2 individual hours of supervision and 2 hours of group supervision each week. In addition, one hour of professional development group is provided that covers topics of supervision of supervision and consultation. Finally, interns also have the opportunity to engage in a process group related to professional development. One hour of group supervision with the various clinical teams that interns join (i.e., rural setting, child focus, integrated care, IOP etc.) is also provided. Psychology staff theoretical orientations include cognitive/behavioral, psychodynamic, and family systems primarily. There is also a weekly seminar provided just for the psychology interns on a variety of topics including issues related to diversity, ethics, testing, and specific therapeutic modalities.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours		Yes	Amount: 600
Total Direct Contact Assessment Hours	NA		Amount: NA

Describe any other required minimum criteria used to screen applicants:

Internship (Residency) applicants must have a significant interest in clinical practice with a diverse population, beginning to intermediate level clinical skills, strong commitment to the professional practice of psychology, and a substantial background in psychological testing and evaluation including coursework and practicum. Additional prerequisites include:

- A master's degree in a behavioral health discipline (e.g. psychology, social work, mental health counseling)
- A minimum of 600 intervention hours
- Completion of coursework or a seminar or workshop on administration and interpretation of the Rorschach. Experience administering the instrument with actual clinical populations is preferred.
- If you match with Park Center, Inc. Behavioral Health Institute, in accordance with the organizations policy, during the pre-hire screening for Internship (Residency), the Intern (Resident) must submit to a urine drug screen.
- A clean driving record.
- Interns / residents are required as part of employment to be complaint with Park Center, Inc. Behavioral Health institutes Flu shot Mandatory program, the required shots are offered free through Employee health service (EHS).
- Park Center, Inc. Behavioral Health Institute is required to follow the Covid-19 federal mandate for all health care facilities that accept payment from Centers for Medicare and Medicaid services (CMS).
