

# PARKVIEW SURGERYONE

11420 PARKVIEW CIRCLE, ENTRANCE 6  
FORT WAYNE, IN 46845 | 260-266-6300

**2025**

**Date Opened:** July 2010

**Organizational Structure:**

- A joint venture between Parkview Ortho Hospital and Ortho NorthEast
- Licensed ambulatory surgery center
- Member of Parkview Health

**Size/Campus:** 65,000-square-foot, freestanding facility on the Parkview Regional Medical Center campus

**Medical Staff Members:** 38 board-certified or board-eligible physicians and 58 advanced-practice providers in orthopedics, anesthesia, podiatry, and pain management.

The medical staff is comprised of fellowship-trained, board-eligible, and board-certified physicians in orthopedics, anesthesia, podiatry, and pain management.

In 1990, Orthopedics NorthEast (ONE) became the first orthopedics group in the region to open a freestanding outpatient surgery center. In 2010, a 65,000 square-foot facility was built on the Parkview Regional Medical Center campus, and later, in 2013, ONE partnered with Parkview Ortho Hospital and renamed the facility Parkview SurgeryONE.

Parkview SurgeryONE offers same-day outpatient surgery to nearly 7,000 patients every year. Procedures commonly performed at the facility include the following:

- Arthroscopic knee and shoulder surgeries
- Lumbar and cervical spine surgeries
- Anterior cruciate ligament (ACL) reconstructions
- Rotator cuff repairs
- Carpal tunnel releases
- Trigger finger releases
- Bunionectomies
- Surgical corrections of ankle and foot deformities
- Fracture treatments
- Pain management procedures and injections
- Total hip replacements, including anterior and posterior approaches
- Total knee replacements
- Total shoulder replacements
- Total ankle replacement

- **2024 Outpatient Surgeries: Close to 7,000**  
Accredited by Accreditation Association for Ambulatory Health Care
- Medicare-certified
- Leadership in Energy and Environmental Design (LEED) Green Building Certification (Silver)
