Schedule may change. For the most up-to-date listing, visit www.FrancinesFriends.org.
The American Cancer Society recommends that every woman receive her first mammogram at age 40 and then each year afterward. Francine’s Friends Mobile Mammography offers convenience and privacy for this screening test, which takes about 15 minutes. Specially trained technicians from the Breast Diagnostic Center (BDC) provide the mammography service.

All women over age 35 are welcome, whether insured or uninsured. BDC will bill the insurance companies directly for women who have insurance. For women who are uninsured, BDC offers a reduced rate if payment is made on the day of service. Funding is available for women who need financial assistance.

Weather advisory: If Fort Wayne Community Schools close due to inclement weather, the coach will not travel that day. Schedulers will call to reschedule your appointment.
