Financial Assistance Policy

Parkview Health understands that the cost of health care can be a concern for many. We are committed to extending a hand of compassion and resources to those who need it most. We have developed a comprehensive Financial Assistance Policy to ensure that no one is denied necessary medical care due to their inability to pay.

Our policy is designed to meet the needs of our community and ensures that all patients have access to the care they need. We believe that everyone deserves equal access to quality health care, regardless of their financial situation.
