

Her Heart Challenge Application

Applications Accepted Beginning: Feb. 14, 2019

Deadline for Applications: May 31, 2019

Parkview Heart Institute has made a commitment to women by focusing on their unique cardiovascular needs and risks for heart disease. Together with Parkview Physician’s Group – Cardiology, we are excited to offer a program especially for women in our community who are ready to meet the challenge of reducing their own risk of heart disease. This program is called the Her Heart Challenge.

If you participate, you will attend weekly sessions beginning in August that will include resources and information to help you find your motivation and learn about your personal risks. Our health experts will help you find ways to decrease those risks and lower the chances of developing heart disease — which remains the number one killer of women in the United States. If participating, the Her Heart Challenge will also provide you with free lab work, opportunities for activity and access to health experts.

The selection process for the Her Heart Challenge involves an application and interview with the Her Heart Challenge Team. Interviews will be held June 10 – June 17 to select participants for this program. You will be notified by June 20 if you are selected for this program.
