

## PARKVIEW HEALTH LABORATORIES

11109 PARKVIEW PLAZA DRIVE  
FORT WAYNE, IN 46845 | 260-266-1500

### 2021

Did you know that the laboratory aids in 70-75% of all patient diagnoses?

PH laboratory is accredited by the College of American Pathologists every two years. This is in addition to the State Board of Health Inspections, FDA, and FAA inspections. PHL also takes part of the TJC inspections done every two years at each hospital.

Parkview laboratories, performs testing for all 9 PH Hospitals, Behavioral Health, PH Heart & Cancer Institutes, Warsaw ER, Women & Children's, over 300 physician offices in NE Indiana and NW Ohio, 24 draw sites, 75 nursing homes, 3 juvenile homes, 5 group homes: and many other clinical clients.

Our automated 8100 instrument processes up to 400 tubes/hr.; with capability of 1000 tubes/hr.

PRMC automated chemistry line can process up to 1000 samples per/hr and capable performing 4700 tests/hr. Community hospital analyzers capable of 600 samples per/hr and capable of performing 1100 tests/hr.

Our automated hematology lines can perform 150 samples/hour.

PRMC Hematology performed 94,197 Glycohemoglobin/A1C tests

Point of Care testing is performed in 2 PH lab draw sites, 9 Parkview hospitals, Behavioral Health Institute, Parkview Heart & Cancer Institutes, Women & Children's, Ortho Hospital, Park Center, Rural Health, Surgery One, Community Health Nursing, Occupational Health, MIH (Mobile Integrated Health, Community Paramedicine) and 150 PPG physician offices.

Our Client Response Department fielded 109,676 calls in 2020, averaging 300 calls per day.

PH lab participates in & with many community benefit programs and companies: Mathew 25, Healthy Steps, Wolf Lake & Huntington County Free clinics, Focus on Health, Heartbeats, community health fairs, and company health fairs. First Responders, FW Children's Zoo (animal testing), MAP Program, Parkview Wellness and the Mirro Research Center.
